Notes (inn/ab):
 - 2/6: Rowe dove and almost made great catch on the pop-up to shallow cf. --- 2/9: Rowe made long running catch to cf/rf gap to make very nice catch. Yeah! --- 3/2: Keyes almost threw batter (not hustling as much as he should have) out at 1b.
 --- 3/3: After 2nd pitch to Neda (ball 2), Rupp made a bad pick-off throw to 1b. The throw went down the line and to the rf fence. Howard able to advance 2 bases to 3b. Neda went on to ground out to 2b and drive in Howard. --- 4/1: Rowe dropped 3rd strike and had to throw down to 1b to complete out. --- 5/3: Howard tagged and advanced to 3b on the deep fly ball to rf. --- 5/5: Twitchell pinch-hit for Juarez. --- 6/6: Ball to the wall in right-cf. --- 6/9: Visit to mound after first ball thrown to Gonzalez. --- 6/1: Courcha pinch-hit for Woodchick. --- 7/6: Very nice play by Loy. --- 8/7: Walla stayed in defensively in lf; Ky.Lusson moved to rf. --- 9/1: Garver pinch-hit for Courcha. --- 9/4: Conley went in to pinch-run for Neda after 2nd pitch to Honeycutt. Conley made it to 3b on hit & run a couple of pitches later. --- 9/5: Visit to mound after the hit & run. --- 9/5: Smith pinch-hit for Twitchell. Reached on fielder's choice + error. Hit a hard grounder to p who stopped ball but then couldn't get handle on it. Tried to get runner from 3b but all runners safe. --- 9/6: Deep fly ball looked like it might've fallen foul but on lf line and I don't have a good angle on that since my seats look straight down the rf line.

Notes (inn/ab):

- 1/4: Moldenhauer hit a ground ball to ss who threw to 2b. The 2baseman took his eye off the ball and dropped it. Runner from 1b and batter safe. Runner from 2b advanced to 3b on the fielder's choice and then home as the ball dribbled away from 2b toward the mound. Only one error on the play but I managed to score 2. Oops. :)
- 1/7: NM made a visit to the mound after Rowe's hit...before Lusson's at-bat.
- 3/9: Lusson pinch-hit for Maitland. Nice play by NM 2b to charge slow bouncer and make throw to 1b for out.
- 5/8: Very nice play by 3b to get Shepherd out at 1b.
- 6/3: UNM made visit to mound after Etier's K and before Rupp's at-bat...subsequently pitched very carefully to Rupp.
- 6/4: The left-fielder made a very nice catch right at the wall to make the out.
- 7/5: Keyes hit single, then Walla went in as pinch-runner. Walla stole 2b before 1st pitch to Lusson. NM had Walla picked off as Walla broke for 2b but 1b dropped throw from p.
- 9/4: Defensively, Garver stayed in at c; Albritton moved to ss; Smith stayed in at lf; Conley stayed in at rf; Gonzalez moved to 2b.
